

# Grace Lutheran Church

## *A Missional Congregation*

As a **missional congregation** we believe in a triune God of love . . .

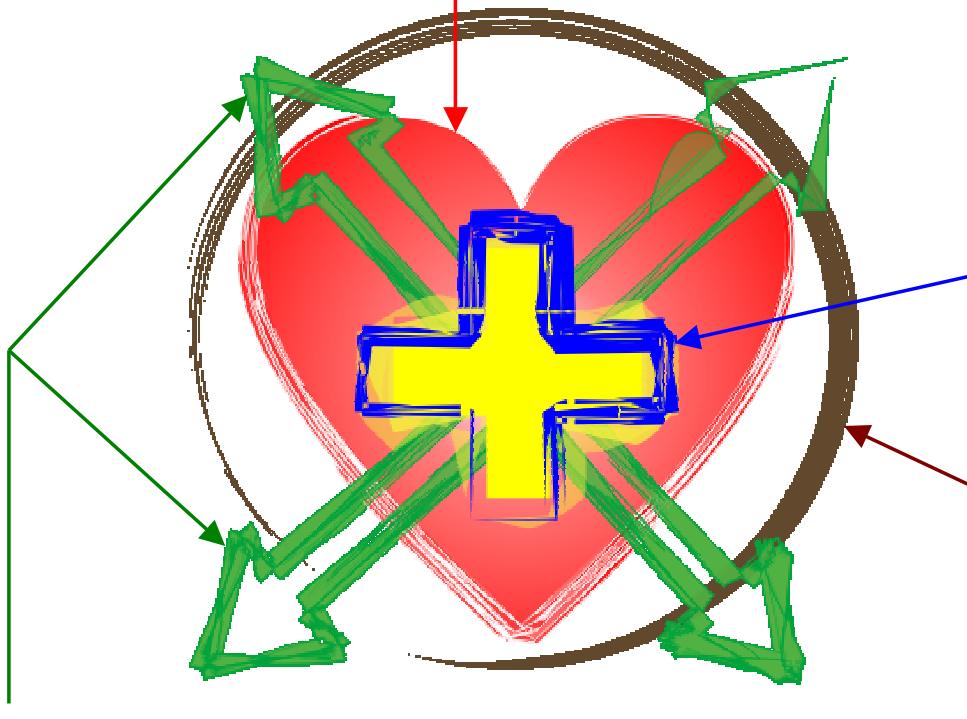

That **created** all that is seen and unseen.

That **came** into the world so that we might be united with Him.

That **continues to come**, even today, so that we can experience His grace and love now and throughout all eternity.

God has not only come to us in His Son Jesus, but He continues to come to us through the blessing of His **Word and Sacraments**. Through these He restores us to Himself and fills us with a passion and mission to take into the fallen world these same blessings.

In our **Baptism** the Holy Spirit gives each of us unique gifts and opportunities to be the face of Christ to the world.

We live out the Grace of our Baptism through . . .

**Lauding** – Singing the praises of God.

**Learning** – Daily encountering the voice of God as it is heard in the Scriptures.

**Loving** – Having a deep and continual care for those gathered under the cross.

**Living** – Using work, school and play to show God's love.

Equipped with a **missional passion** through **Word and Sacrament**, the people of Grace take **the love of God** into a **troubled and turbulent world in all they do and say**. That world is never further than those around them nor closer than those of other cultures.

Grace is a **gathering of missional people living out their Baptismal journey** on a daily basis.
